

The background features a complex pattern of thin, white, curved lines on a solid black field. The lines are arranged in a way that creates a sense of depth and movement, with some lines intersecting to form diamond-like shapes. The overall aesthetic is modern and minimalist.

Excess 14

PRODUCT GUIDE

Dear Dealer,

This document contains all the essential information you will need to talk about Excess brand and the EXCESS 14 :

- 01. SALES
- 02. OPTIONS
- 03. CHART COLORS
- 04. TECHNICAL DATA

This document is a professional tool for your use only. Thank you to not forward it directly to clients but use it to improve your personal knowledge and to perform during client meetings.

This tool will be regularly upgraded according to model year changes and supplier evolutions. Please check regularly for updates. Last upgrade is indicated at the bottom of this page.

The document refers to standard equipment from Price List C2023.

Enjoy your reading !

2. Brand values

Core Idea

YOUR GATEWAY TO SENSATIONS

Brand Role

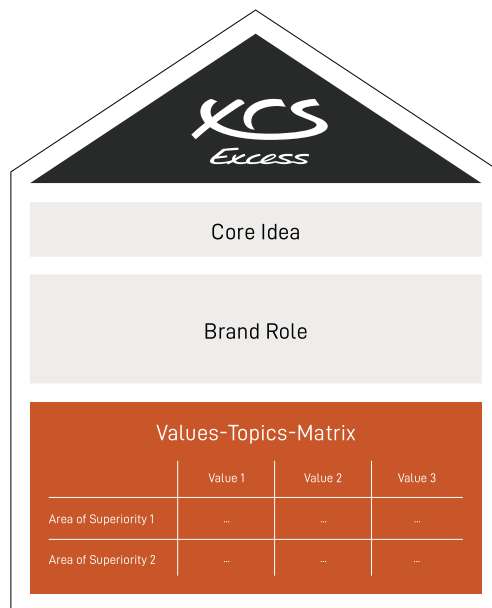

At Excess, **breaking new ground** isn't revolutionary. It's simply what we do. Unique cruising catamarans with a **dynamic design and our disruptive attitude** set us apart. This is how we offer **the thrill of sailing without sacrificing comfort**. Thereby, we are your gateway for exciting activities on, in, and around the sea. Created for sailors looking for their next adventure.

Areas of Superiority

Sailing experience
360° Excitement

Brand Values

Dynamic | Fresh | Genuine

	Dynamic	Fresh	Genuine
Sailing experience	<ul style="list-style-type: none"> - The dynamic quality of our boats determines the design and features of our boats (such as sail area, helm design, etc.). - Our catamarans are built to be suitable for beginners as well as professionals. 	<ul style="list-style-type: none"> - We are not afraid to break new ground and recognize trends as one of the first. - Our innovative features bring a fresh breeze to the catamaran industry. - We support our customers with a worldwide service network on any issues that may arise. 	<ul style="list-style-type: none"> - We are true sailing enthusiasts and share our enthusiasm with each other and our customers. - We are open to honest feedback and value direct interaction with our customers. (e.g. Excess Lab).
360° Excitement	<ul style="list-style-type: none"> - We do not compromise on comfort and create space for sharing experiences. - We create the ideal basis for a variety of thrilling activities on, in and around the sea. 	<ul style="list-style-type: none"> - We design our catamarans with modern materials displaying bright, clear colors for a fresh look and feel. - Our messages and images stand out from the crowd with their refreshing touch. 	<ul style="list-style-type: none"> - On our catamarans you stay in full contact – with your inner self as well as the rudders. - We create real, fulfilling experiences that have a lasting effect. - We stand for fun, true experiences along the entire customer journey – from the purchase to the final setting of the sails.

02

KEY CLIENT BENEFITS

PURE CONCENTRATION OF EXCESS DNA

- 1.** The embodiment of Excess DNA: a **fun and playful cruising sailboat** with sleek lines.
- 2. Innovative architecture:** unbiased research to find 'out of the box' solutions.
- 3. More sensations** and everything you'd expect of a cruising boat!
- 4.** Designed around a **layout unseen** on the market, both in the Owner's version and in the Charter version.

KCB 1: DYNAMIC LOOK

Sporty design with long inverted and thin hulls.

- New: Excess 14 has **inverted and inclined bows** for more fun!

KCB 1: 360° VISION

Complete transparency for perfect **360° vision and bright interior**

KCB 1: SLEEK LINES

Sleek lines and great balance. Excess 14 benefits from low boom and profil, reduced windage thanks to lower freeboard, taut lines and redesigned hull windows. All reinforce Excess distinctive look!

KCB 1: PULSE LINE

Elegant yet **modern PULSE LINE hull decoration** from famous racing boat decorator Isabelle Keller

KCB 1: PULSE LINE

Now well-known, visual signature both on the water and in the ports, of the **orange furler and the grey sails**.

DID YOU KNOW?

- Isabelle Keller has always drawn. Her passion for sailing naturally led her to focus on sailboats: "I have sailed a lot; I have experienced ocean racing and great adventures like the Transats and the Vendée Globe (VG) from the inside". She's been decorating VG monohulls for many years; Safran, must-see Vache qui rit® or Classe Figaro sailboats. She has drawn for Bertrand de Broc, Kito de Pavant, Jean le Cam and François Gabart (2012 winner). Today Isabelle has decorated more than 50 boats.

Isabelle Keller

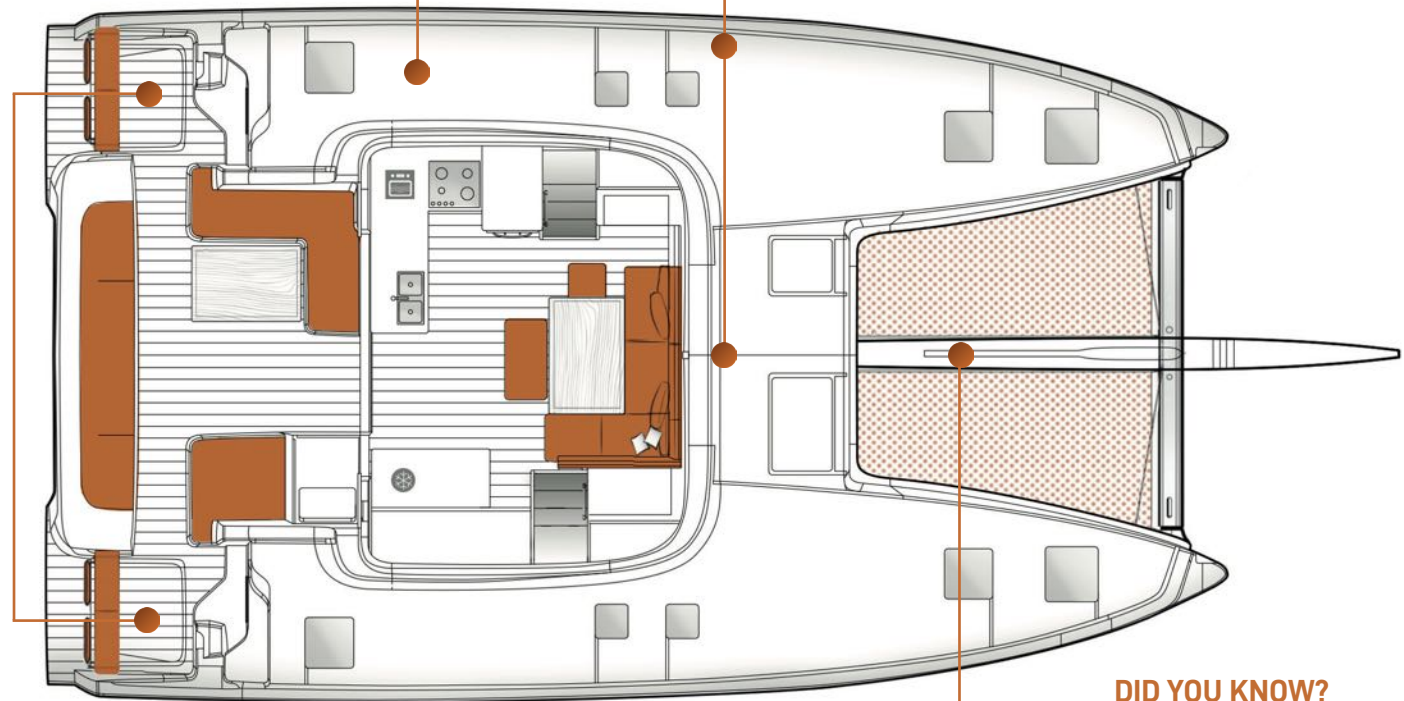

KCB 2: LIGHTER THAN EVER... LESS IS MORE!

An in-depth work never done before with one motto: weight, weight, weight!

- FEA study, usually reserved for racing yachts,
- Low density balsa core, infusion coachroof, foam sandwich, carbon reinforcements, etc. for an optimized structure
- Development and integration of the equipments and materials strictly necessary, without adding complexity.
- Lightship displacement [Mlc]: 12,800 kg | 28,219 lbs

KCB 2: GOOD RATIO & GOOD LOOKS

- The short platform moved as aft as never did before, aft-set coachroof, forward stepped mast: a modern rig and unobstructed salon
- The very long bows and short coachroof not only grants a better HL|PL ratio, but also better looks!

KCB 1: AFT TWIN HELM STATION: THRILLING SENSATIONS

- Helm stations right at the stern, with a direct contact with the rudders and a steering system with textile lines. Guarantee of both feel and efficiency.
- Sail trimming right has never been that easy, even the overlapping genoa fully trimmable from the helm station!
- Ideal view of the sails, the sea and the bows
- 2 engines with 2 helm stations aft, allow perfect control of the boat
- Thanks to collaboration with VPLP, world leader in racing multihull design, Excess 14 have benefited from an understanding of ocean racing, from naval architects owning most records.

KCB 2: INNOVATIVE ARCHITECTURAL SOLUTIONS:

- Forward-set rig, square top mainsail, and large **overlapping genoa** [new!] to optimize the sail area to displacement ratio
- Non-immersed forefoot and increased bridge deck clearance for better passage through the water
- Hulls designed asymmetrically to reduce interference drag
- Composite bow sprit
- Lower center of gravity

DID YOU KNOW?

- VPLP are world leaders in multi-hull yacht design, and the most highly qualified in the world when it comes to multihull racing boats. For the last 10 years VPLP has owned every record on all the oceans: round the world, transatlantic, 24 hours, etc. They have been the only French designers to collaborate in a winning America's Cup challenge and have won the last two Vendée Globe. Their mission: more comfort and volume without damaging performance.

Vincent Lauriot Prévost

KCB 3: MADE FOR SAILORS

Unprecedented storage capacity for all necessary equipment: outside, inside.

Each volume has been exploited to offer **a lot of storage space everywhere** on the boat.

Unique 3-cabin arrangement to further increase storage versatility.

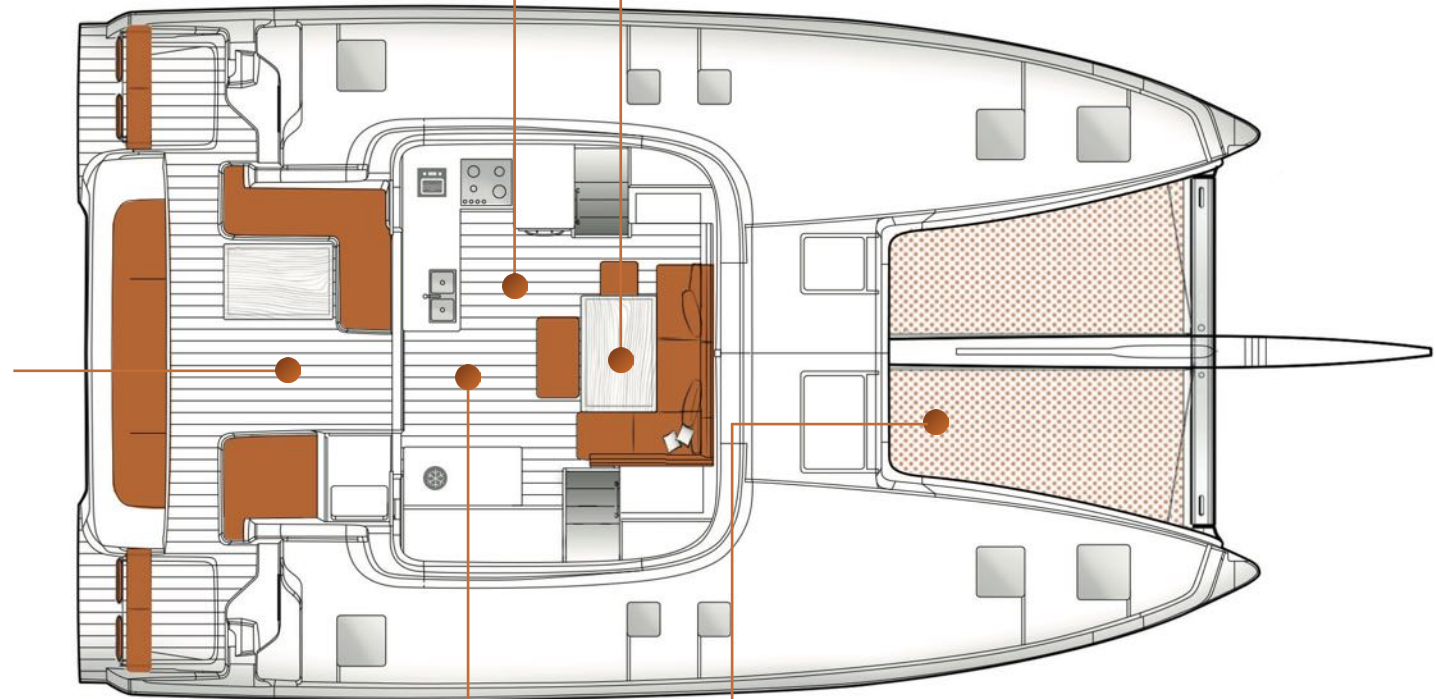

KCB 3: A MODERN ATMOSPHERE

Maintain volume and good headroom, all this in a warm and as bright as ever interior design.

- An interior energized by plenty of natural light
- Interior woodwork in honey teak & white touch
- 360° view is everywhere through untinted windows: enjoy the sea, the sky and your sails!

KCB 4: WIDE AFT COCKPIT

- Super wide cockpit, combining liveable and practical layout.
- The ideal configuration, always connected with your boat and your guests, and never far from your steering stations
- Dining area, relaxing spaces and large storages.
- A very large aft beam settee with two table options: composite or teck extensions to meet both charter and owners expectations.

KCB 3: COMFORT AND MODULARITY OF LIVING SPACES

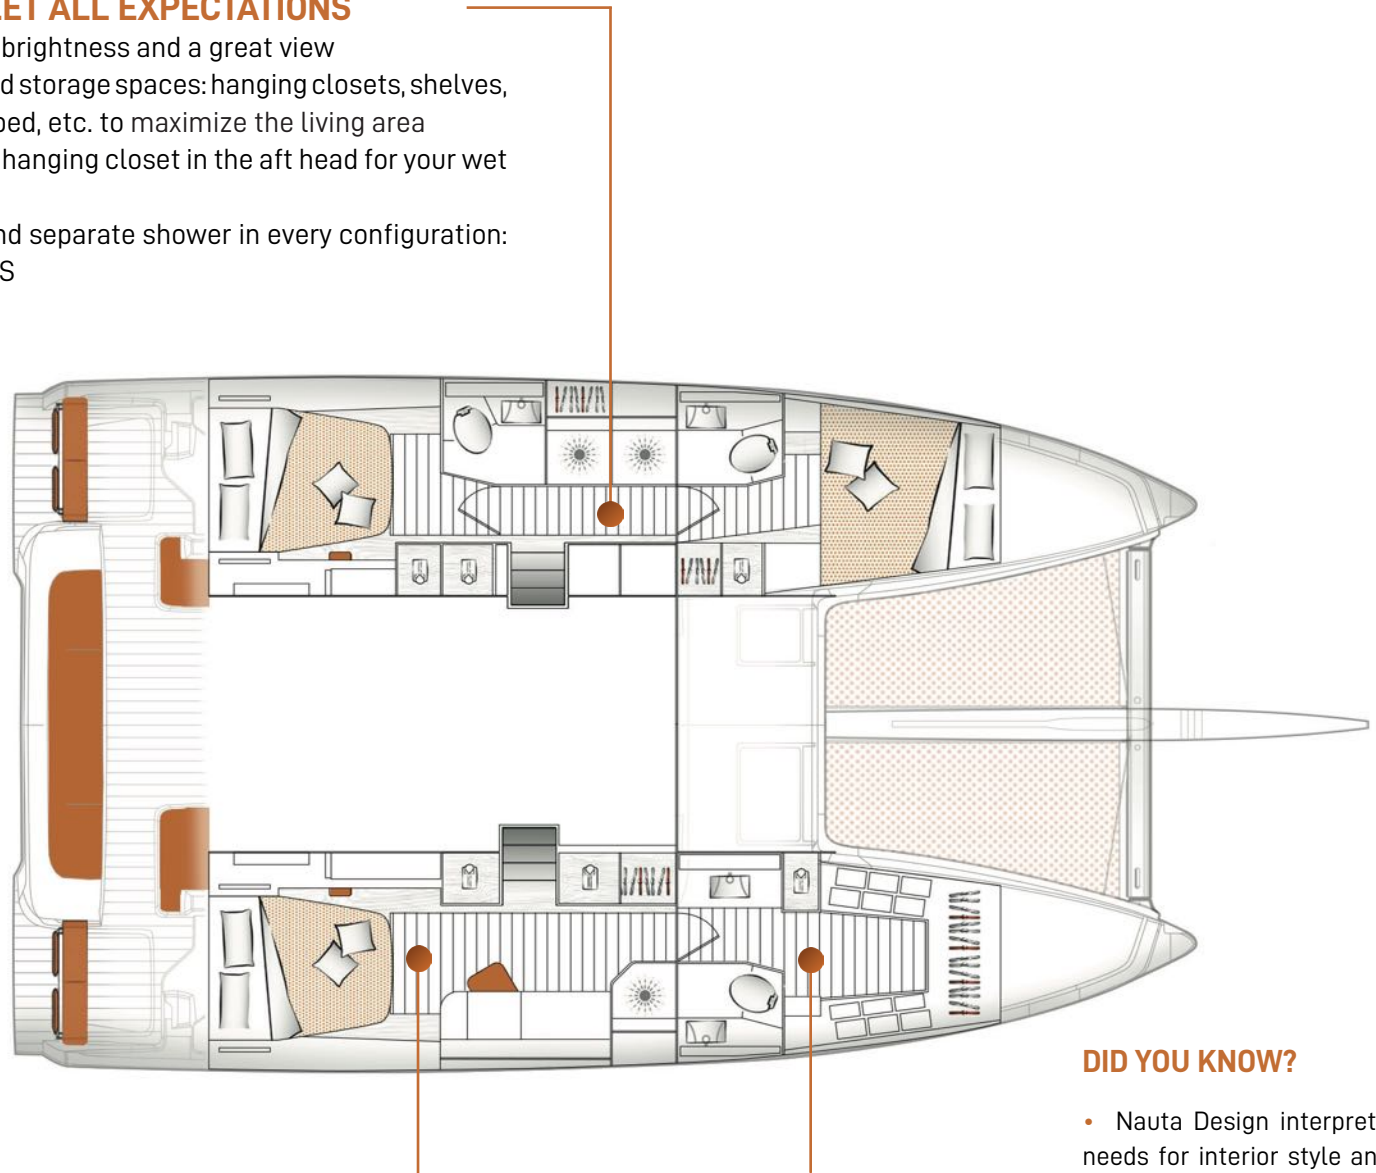

- A wide fully-equipped galley area, with a lot of storage
- A starboard corner that can be used as well for the galley as for the salon
- A retractable chart table integrated into the comfortable salon
- Dining area up to 8 pax
- Large refrigeration capacity with different solutions [up to 360L]
- Smart upper lockers to offer more and more storage space without obstructing visibility at helm stations
- Extra double berth in salon... per standard with the sofa upholstery!

KCB 3: A GREAT LIVING AREA

- A very **wide forward area**, via comfortable side decks
- Sailor first: large storage lockers with technical access & two full-size forepeaks
- Communication with the salon thanks to opening portholes in the glazing
- Easy and safe access to your skylounge or boom thanks to the comfortable coachroof access [option]
- Smart! A new forward cushions kit, for both trampoline and skylounge areas. Enjoying a special position between deck and trampoline, comfort and fun are utmost!

KCB 4: TO MEET ALL EXPECTATIONS

- Cabin provides brightness and a great view
- Many subdivided storage spaces: hanging closets, shelves, underneath the bed, etc. to maximize the living area
New! A standard hanging closet in the aft head for your wet clothes.
- Private head and separate shower in every configuration: 3C3H3S / 4C4H4S

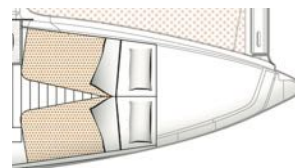

KCB 4: SAILOR'S SUITE

- "Full length" owner's suite with a new longitudinal volume distribution
- A large desk for work and storage, finally allowing you to live aboard your boat all year round!
- For setting off on your adventure, many storage spaces everywhere, including hanging closets
- Central bathroom with inboard and outboard vanity sinks.

KCB 4: FOR SAILING AND SHARING

- The huge walk-in dressing area [standard] allows you to store both sailing gear and casual clothes, thanks to upper storages, full-height hanging wardrobe, boxes, etc.
- With additional convertible twin berths [option], the whole family can enjoy the suite!

DID YOU KNOW?

- Nauta Design interprets owners' needs for interior style and exterior lines and turns them into projects of all types and sizes with elegance and simplicity. Nauta yachts are custom spaces, comfortable and efficient. Ideal yachts onboard which one can truly enjoy friends and family in privacy and a positive relationship with the sea and the surrounding environment in comfort and safety. Their mission: exceed client's expectations.

OVERLAPPING GENOA: A TRUE SAILING ASSET FOR YOUR BOAT!

Excess 14 comes with an overlapping genoa.

Combined with the mast positioned forward of the coachroof, this arrangement enables to :

- Reduce structural weight
- Reduce rig weight, for a given sail area
- Improve sailplan efficiency, especially in waves
- Allow precise trimming of the genoa twist
- Improve foresail geometry when partially furled
- Reduce mast height, hence pitching moment, for a given sail area
- Simplify running rigging circuits, reducing frictions.

Those benefits really add to the sailing sensations of the Excess 14!

02

PULSE LINE

THE CHOICE OF BOLD SAILORS SEEKING SENSATIONS!

The PULSE LINE is undoubtedly an exciting feature from design point of view to sailing experience! You can sail faster, enjoy sporty sail trimming and a definitively eye-catching design.

The PULSE LINE pack includes the following options:

- 1- PULSE LINE **Rigging & Sails plan**
- 2- **Mainsail barber hauler**
- 3- **Ball-bearing** trimmable genoa **cars**
- 4- **Square top mainsail and overlapping genoa** in [eXPR - EKKO](#) [Color: grey]
- 5- **Textile** lifelines
- 7- PULSE LINE **hull decoration**
- 6- PULSE LINE composite **steering wheels** [Color: Orange]

DID YOU KNOW?

Code 0 gear and long bowsprit is a separated option from the Pulse Line pack onboard Excess 14.

SAILING EXPERIENCE

RIGGING AND SAILS

02

PULSE LINE

1 - Rigging & Sail plan

With PULSE LINE, the mast configuration [Std: 19.78 m | 64'11" ; Pulse: 21.54 m | 70'8"] offers a great sails plan with a **larger**:

- Mainsail
- Overlapping genoa
- Code 0 [The option is NOT included in this pack]

 PULSE LINE Main Sail and Genoa

PULSE LINE increases SA/DSPL 4.81%, moving the ratio to a great 5.01. On the water there will be regularly a significant positive difference.

	STANDARD	PULSE LINE	%
Mast length	19.78 m 64'11"	21.54 m 70'8"	+ 8.9 %
Square top mainsail	83 m ² 893 sq ft	90 m ² 968 sq ft	+ 8.43 %
Overlapping genoa	40 m ² 430 sq ft	45 m ² 484 sq ft	+ 12.5 %
Upwind sail area	123 m ² 1,323 sq ft	135 m ² 1,453 sq ft	+ 9.76 %
Code 0 [if option selected]	72 m ² 775 sq ft	86 m ² 925 sq ft	+ 17.8 %
Sail Area / Displacement	4.78	5.01	+ 4.81 %

2 - Mainsail Barber Hauler

A flying barber hauler is a 4:1 hoist [same principle as the hoist of a dinghy catamaran] designed to be used with the mainsail sheet when the boat sails downwind, when the leeward mainsheet hoist lets go the boom to a point where the boom starts to move as much up as out: the leech of the main opens up and will very soon end up against the leeward rig shroud

To avoid this loss of power and this risk of damaging the sail cloth the flying barber hauler comes in: its top part is to connect to the top loop of the leeward mainsheet below the boom, the bottom is to connect on a padeye on the leeward side of the sheer line

Once in place, one trims the leech of the mainsail with both this device and the leeward mainsheet hoist. It can also be used as a boom preventer when sailing long downwind tacks.

SAILING EXPERIENCE

RIGGING AND SAILS

02

PULSE LINE

[Photos on EXCESS 11]

You can cleat it to the aft mooring cleats, on starboard if you are on a port tack, or on port if on a starboard tack. You will balance the tension on the flying barber-hauler and the leeward mainsheet to get a proper shape.

Do not forget to remove it before jibing or tacking!

3 - Ball-bearing trimmable genoa cars

As Excess 14 as an overlapping genoa, PULSE LINE pack integrates ball-bearing trimmable genoa cars, making your maneuvers very easy.

Standard : genoa cars with pistons.

4 - Square top mainsail and overlapping

The boat comes in standard with a square top mainsail using top quality white Dacron®, with horizontal cut.

With the PULSE LINE we offer a high-end laminate with film, taffeta and fibers, made of recycled polyester. Together with a tri-radial assembly, it gives those larger sails better stiffness, less aging risks and lower impact on the planet.

Sails come in grey color.

[PULSE LINE]

eXRP EKKO
Tri-radial cut
Color: grey

[non-contractual color]

[STANDARD]

Dacron®
Horizontal cut
Color: white

[non-contractual color]

5 - Textile lifelines

The textile lifelines replace the stainless steel standard lifelines.

Made from fiber for more efficiency, the customized Lancelin lifelines are **fluorescent at night for safer night cruising.**

OPTION

1

Brand: Lancelin
Material: Fiber
Color: Grey & orange

2

The pad-eye is part of the option.
By selecting the textile lifelines
you get also a pad-eye.

6 - PULSE LINE hull decoration genoa in

We've created a distinction between the standard line and the sportier PULSE LINE, while maintaining the same spirit. The inspiration came from the logo, a sporty and elegant wake, fluid and dynamic, taken up in an immoderate way in its PULSE LINE version. Isabelle's interest in typography made the process almost natural. The combined lines at the back of the hulls highlight the turn of the bilges in a marked and legible manner.

HULL DECORATION BY ISABELLE KELLER

"I have sailed a lot, racing, with a crew and I have shared the life of a professional sailor for a long time. I have experienced ocean racing and great adventures like the Transats and the Vendée Globe, from the inside. And then, on a simpler level, I have always wanted to live by the sea, overlooking the Atlantic Ocean." Isabelle Keller, designer of the hull decoration.

7 - PULSE LINE steering wheels

OPTION

This option replaces the standard s/s steering wheels

Upgrade for both helm stations.

Brand; CARBONAUTICA

Material: Composite

Color: Orange

[Carbonautica - Steering wheel](#)

STANDARD

Material: Stainless steel & leather

Color: Dark grey

[Photo onboard EXCESS 12]

CODE 0 GEAR FOR STANDARD WHITE BOWSPRIT

Code 0 gear is an independent option, separate from Pulse Line pack on board Excess 14.

You can keep the standard bowsprit, either with standard or Pulse Line rig.

The option includes:

- Manual winch on portside + handle
- Port ropes bag
- Code 0 sheets & halyard rig

The short bowsprit is included per standard:

Length: 560 mm | 1'10"

Material: Composite

Color: White

Code 0 sail and furler are not included.

You can select the "CODE 0 IN MYLAR + FURLER [Standard sail plan and bowsprit]" option.

Then code 0 will be 72 m² | 775 sq ft.

[Incompatible ASYMMETRICAL SPINNAKER GEAR]

CODE 0 GEAR WITH LONG GREY BOWSPRIT

Code 0 gear is an independent option, separate from Pulse Line pack on board Excess 14. You can select the long bowsprit, either with standard or Pulse Line rig.

Code 0 sail is not included. You can select the "CODE 0 IN MYLAR [PULSE LINE sail plan and Long bowsprit]" option. Then code 0 will be 86 m² | 925 sq ft

[Incompatible ASYMMETRICAL SPINNAKER GEAR]

CODE 0 GEAR WITH LONG GREY BOWSPRIT

This option includes the following elements:

- A. Code 0 sheets**
 - Port Code 0 sheet
 - Starboard Code 0 sheet
 - 2 sheets blocks with swivel – Harken® Element Block Ø80 [Port and Starboard]

- B. Code 0 halyard**
 - Code 0 halyard
 - Mast foot block - Harken® Element Block Ø80
 - Mast head block - Facnor® opening halyard purchase block
 - 2 deck blocks - Harken® Element Block Ø80 [Port]
 - 2 jammers [bowsprit / halyard] - Spinlock® [Port]
 - 2:1 purchase tack line

- C. Winch on portside**
 - Manual winch - Harken® [STA 50.2]
 - Port ropes bag
 - Winch handle

- D. Long bowsprit**
 - Length: 1560 mm (+ 1 m | 3'3" vs standard) | 5'1"
 - Material: Composite
 - Color: Grey (same RAL hull color)

[Incompatible CODE 0 GEAR]

This option includes the following elements:

A. Spinnaker sheets

- Port Spi sheet
- Starboard Spi sheet
- 2 sheets blocks with swivel – Harken®
Element Block Ø80 [Port and Starboard]

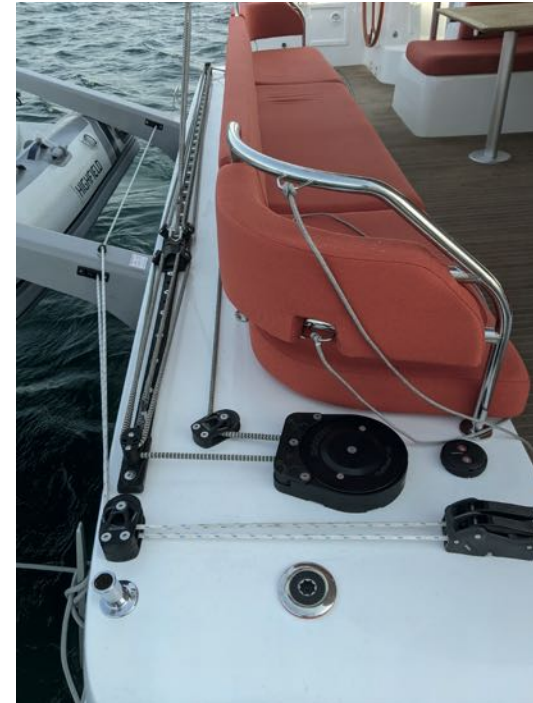

B. Spinnaker halyard

- Spi halyard
- Mast foot block - Harken®
Element Block Ø80 [Port]
- 2 deck blocks - Harken®
Element Block Ø80 [Port]
- 1 jammer [halyard] - Spinlock® [Port]

C. Winch on portside

- Manual winch - Harken® [STA 50.2]
- Port ropes bag
- Winch handle

FLAT WINDER FOR MAINSAIL TRAVELLER

Electric flat winder on aft starboard.

Quantity: 1

Brand: HARKEN®

Model: FlatWinder

DID YOU KNOW?

Per standard, Excess 14 is equipped with two clutches, and the lines are lead towards the primary winch.

This self-contained electrically powered system is easy to use and offers sailors huge benefits in mainsail control, giving you the means to quickly depower the rig, and delay reefing when the wind picks up.

It operates in both directions allowing the car to move anywhere on the track while also keeping the traveler line off the cockpit floor.

Two Digital System Switches, one button to port, the other to starboard, are installed for activation from both sides of the boat.

Electric upgrade from manual winch [per standard] on **starboard**.

Brand: HARKEN®

Model: 50.2 STEA

[Included in Sail Away Pack]

SECOND STARBOARD ELECTRIC WINCH

Electric upgrade from manual winch [per standard] on **starboard**.

Brand: HARKEN®
Model: 50.2 STEA

Electric upgrade from manual winch [per standard] on **portside**.

Brand: HARKEN®

Model: 50.2 STEA

[CODE 0 GEAR or ASYMMETRICAL SPINNAKER GEAR option mandatory]

ELECTRONICS

02

FANTOM RADAR 18"

GARMIN®

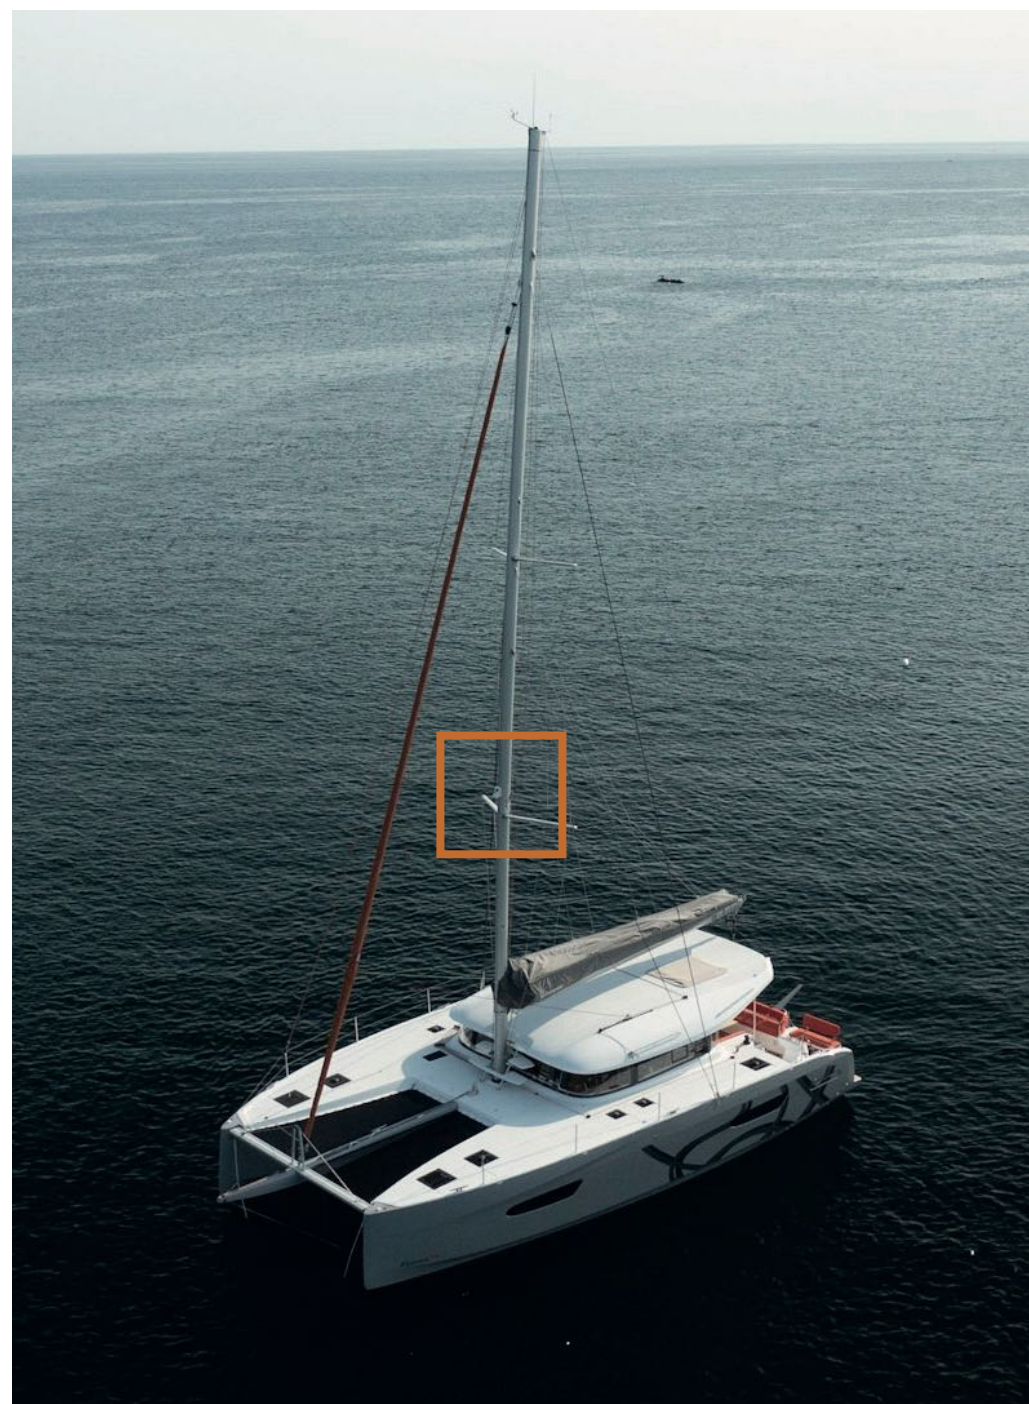

GARMIN Phantom Radar 18"

Key features:

- High power radar
- Motionscope technology (Doppler use)
- Power save mode
- Timed emission mode (set up active and inactive periods)
- User-friendly operation

Location : first spreaders

[This picture doesn't includes the option]

REACTOR AUTOPILOT REMOTE CONTROLLER

GARMIN®

Autopilot remote controller

Brand: GARMIN
Model : Reactor

Key features :

- Convenient, provides easy pilot mode and directional control for your Garmin autopilot
 - Gesture control mode, ensures easy operation. Point the remote in the direction you want to go to control the pilot
 - Bright color display that's easy to read even in bright sunlight.
- Ergonomically designed for easy viewing and control
- Programmable preset buttons provide quick access to your favorite functions
 - Waterproof and unsinkable, it floats even if you fall in the water

Location : chart table

VHF single handset

Brand: GARMIN
Model : VHF 315i

[Included in FLEET'UP Pack]

Key features:

- 25 W marine VHF with DSC class D function
- Includes GHS™ 11i handset and new active speakerphone that can serve as an intercom between 3 locations on the boat
- Integrated GPS receiver (requires external antenna)
- NMEA 2000® connectivity for easy integration with compatible plotters and multifunction displays
- Pre-programmed international marine channels

Location : chart table

AIS transceiver

Brand: GARMIN

Model : AIS 800

[Requires VHF] [Included in FLEET'UP Pack]

Key features :

- Reliable, easy-to-use communication system that transmits information about your boat to other nearby AIS receivers while receiving data from nearby AIS targets
- 5W Class B/S0 transmission power for faster-than-ever position reports
- Built-in GPS with connector for adding an optional external antenna
- NMEA 2000® connectivity for easy integration with compatible plotters and multifunction displays
- Built-in antenna splitter allows the VHF and AIS receiver to share the same antenna
- Translated with www.DeepL.com/Translator (free version)

Location : chart table

OUTSIDE EXPERIENCE

Skylounge with cushions [compatible with forward net], and access stairs

Coachroof access stairs

Windlass remote control at helm station with chain counter [Starboard]

Anchor kit [20kg anchor, 75m chain D10, 20m warp D18]

Pulpits with composite seats and forward lifelines

Exotic wood cockpit table with extensions + cover [Color: Cadet Grey]

Cockpit fridge 75L | 20 US Gal [12V]

Folding carbon gangplank with cover [2 sockets]

Composite davits

Dinghy pack CL340 with Honda engine 15HP

Outboard engine bracket

OUTSIDE UPHOLSTERIES

Enclosures with windows for aft cockpit [Color: Cadet Grey]

Biminis on port and starboard helm stations with windows [Color: Cadet Grey]

Starboard double helm station

Additional double helm seat [Portside]

Aft cockpit cushions

Aft cockpit sunbathing

Forward net / Skylounge cushions

Offering more versatility and enlarging your living areas onboard, the Skylounge is matching with both charter operators and private clients needs.

The area can't be used while sailing. The boom location while using the skylounge has been carefully designed to fully and easily enjoy the area at anchor.

This option includes :

SKYLOUNGE

The option includes the large composite skylounge moulding, integrated in the roof.

FRONT ACCESS

For a comfortable access, the option includes the large stairs in the forward cockpit.

This way, you can safely access the skylounge with drinks or any accessory.

This option requires:

CUSHIONS KIT* [* "Forward net / Skylounge cushions" option]

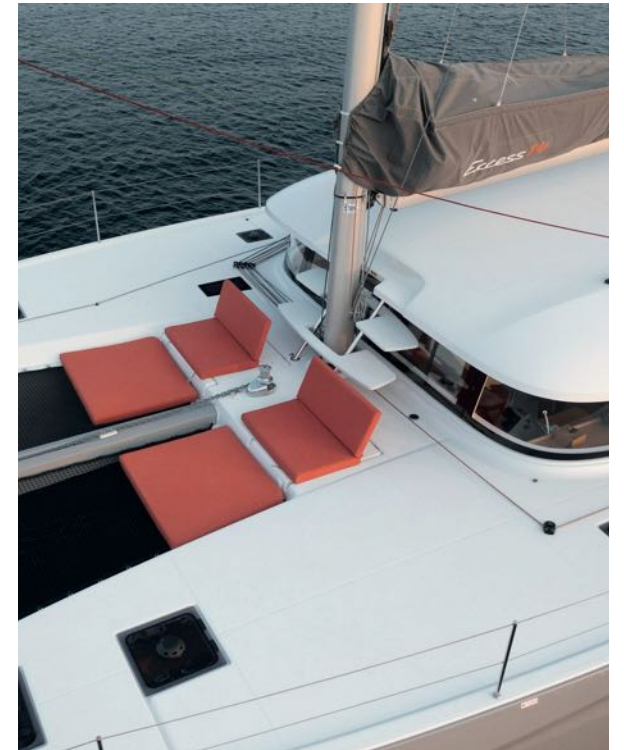

A complete new upholstery kit has been developed and can be fully stored in the skylounge, and protected by a flush cover.

Comfortable cushions with alongside sun pads, they are compatible with the forward net! 1 kit for 2 sunbathing areas: a true asset! You also save storage space.

These stairs offer a wide and safe access to the roof, both for relaxation and for lazy bag access. They are located in the forward area around the mast.

[Included in the Skylounge option]

The option includes:

- Windlass remote control from starboard helm station
- A chain counter

The option completes standard QUICK remote control in the chain locker.

Brand: QUICK

Model: QNC CHC

Location: Starboard helm station

This option includes :

- 20kg anchor
- 75m chain D10
- 20m warp D18

PULPITS WITH COMPOSITE SEATS AND FORWARD LIFELINES

[Picture onboard Excess 15]

This option includes:

- 2 forward pulpits [port and starboard] with composite seats
- Lifelines between pulpits and crossbeam A-bracket

The option is available with **stainless steel or textile** lifelines.

EXOTIC WOOD COCKPIT TABLE WITH EXTENSION

The exotic wood cockpit table replaces the standard composite table.

The option includes:

- A table top made of exotic wood
- A removable cockpit table extension
- A protective cover

Color: Cadet Grey
Sunbrella® SUNTT 5530 152

The extended table allow you to use the aft beam seat to enjoy a large outside dining area.

Dimensions [Table+extension]: Approx. 1690 L mm x 730 W mm | 5'7" x 2'5"

[Incompatible composite cockpit table extension]

[Table extension]

[Exotic wood table without extension]

COMPOSITE COCKPIT TABLE EXTENSION

[Composite standard table onboard Excess 11 - without extension]

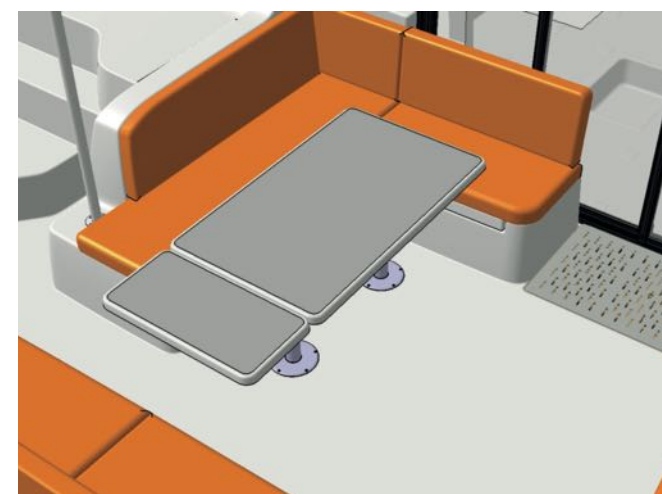

The composite cockpit table extension fits the standard composite table.
 The table's full composite top is easy to clean and maintain.
 The extended table allows you to use the aft beam seat to enjoy a large outside dining area.
 Meets both charter and owner's expectations.

Dimensions [standard table]: Approx. 1300 L mm x 790 W mm | 4'3" x 2'7"

Dimensions [standard table+extension]: Approx. 1710 L mm x 790 W mm | 5'7" x 2'7"

[Incompatible exotic wood cockpit table]

[Included in Fleet'up Pack]

[Composite table with extension]

12V refrigerator located in the aft starboard cockpit.

75 L | 20 US Gal

Replaces the storage unit per standard.

Brand: Vitrifrigo

Model: DW70

Color: s/s

[Included Fleet'Up Pack]

With the platform positioned very far aft, the Excess 14 takes full benefit of the folding gangplank.

The option includes :

- Gangplank
- Cover
- 2 Sockets

Gangplank dimensions

Open: 2,600 x 350 mm | 8'6" x 1'1"

Closed: 1,300 x 350 mm | 4'3" x 1'1"

New onboard Excess 14 : davits are made of composite and not of stainless steel as for the rest of the range.

Composite davits support the same weight and length capacity for your dinghy. They are designed for the recommended dinghy pack [CL310 Highfield + 15HP engine]. They are lightweight and offer a great design.

The option includes:

- A pair of composite davits
- Complete lifting hardware and lines

Max dynamic load per davit: 150 kg | 331 lbs

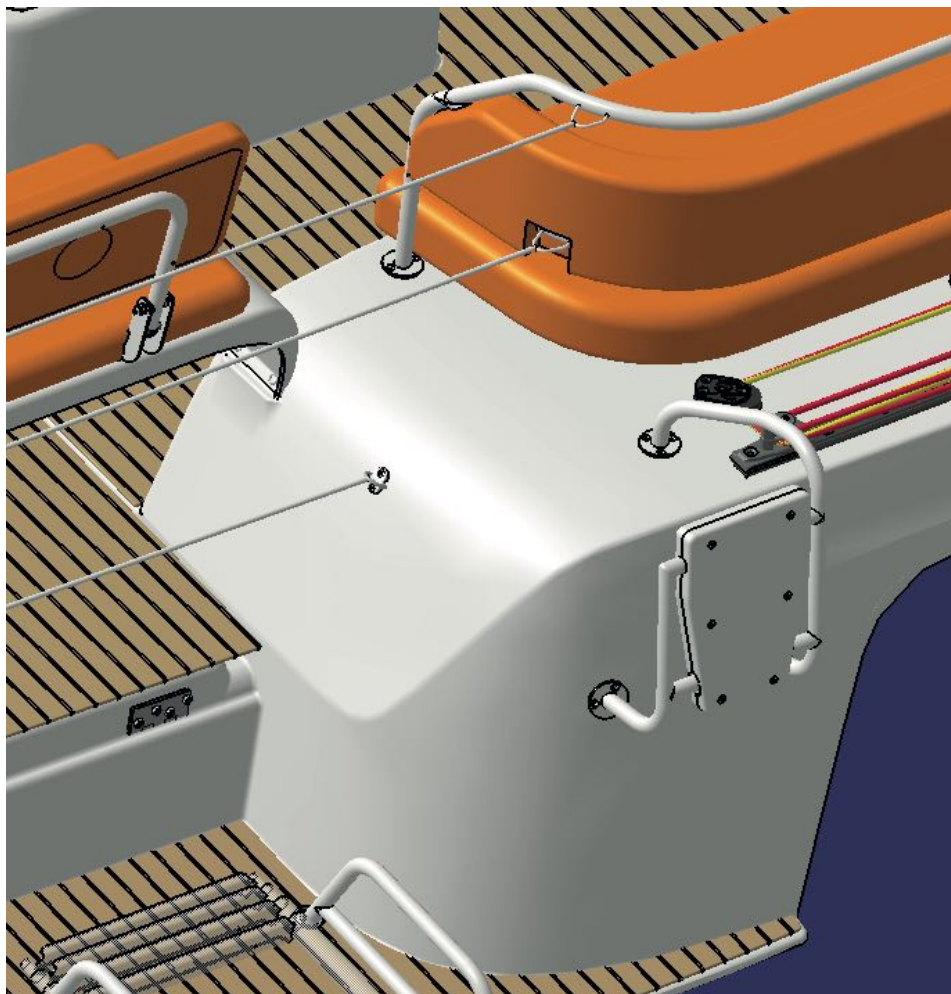

Use one of your winches to easily lift your dinghy.

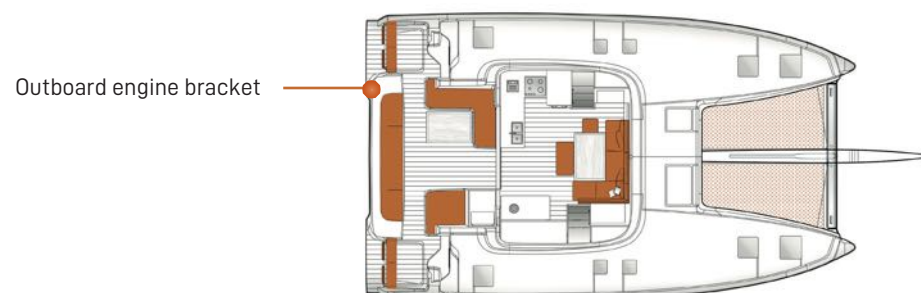

Brand: HIGHFIELD
Model: CL310
Engine: Honda 15HP
Pax: 5

Stainless steel fixed bracket for dinghy outboard engine.
Location: to port, on the aft beam.

LOCATION ON BOARD

ENCLOSURES WITH WINDOWS FOR AFT COCKPIT

Ideal to extend life time on board during mid-season.

Protecting your boat and yourself from bad weather, this option includes:

- 1 large enclosure for aft cockpit
- 2 enclosures with 2 doors on portside and starboard

Made in fabric with PVC transparent windows.

Color: Cadet Grey
Sunbrella® SUNTT 5530 152

BIMINIS ON HELM STATIONS

Protect yourself from the sun and spray, while enjoying steering sensations!

This option includes :

- **2 biminis** with removable enclosures and windshield [on **portside and starboard helm stations**]
- Stainless steel structure with canvas top roof
- Dedicated storage bag for each bimini enclosure

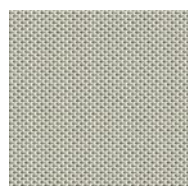

Color: Cadet Grey
Sunbrella® SUNTT 5530 152

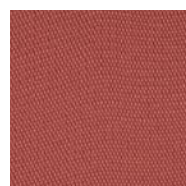

STARBOARD DOUBLE HELM SEAT

Double foldable seat on starboard helm station.
New design: one-piece composite seat.

Color: Grey
FERRARI® Batyline Lounge Quartz
7720FR-50932

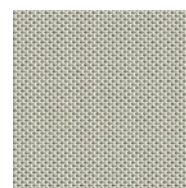

Color: Orange
SUNBRELLA® Mezzo Tigerlily
MEZZ 10222 140

ADDITIONAL DOUBLE HELM SEAT [PORTSIDE]

Double foldable seat on port helm station.

New design: one-piece composite seat.

Color: Grey
FERRARI® Batyline Lounge Quartz
7720FR-50932

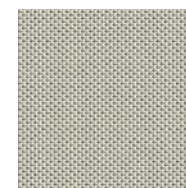

Color: Orange
SUNBRELLA® Mezzo Tigerlily
MEZZ 10222 140

The option includes cushions - and upholstery color - for all aft cockpit settees :

- L-shaped sofa on portside
- Starboard daybed
- Aft beam settee

Color: Grey
FERRARI® Batyline Lounge Quartz
7720FR-50932

Color: Orange
SUNBRELLA® Mezzo Tigerlily
MEZZ 10222 140

[Pictures onboard Excess 15]

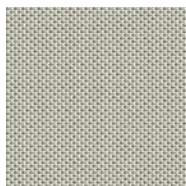

Aft bench and modular table transforming into a wide sunpad area.

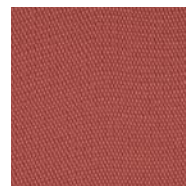

The option includes:

- 2 table pedestals
- 2 mattresses

Option compatible with wooden and composite cockpit tables.

Color: Grey
FERRARI® Batyline Lounge Quartz
7720FR-50932

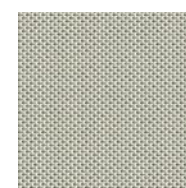

Color: Orange
SUNBRELLA® Mezzo Tigerlily
MEZZ 10222 140

FORWARD NET / SKYLounge CUSHIONS

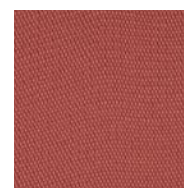

The "Forward net / skylounge cushions" is a kit of cushions, compatible for both areas. They include "seating" cushions with backrests and sunpads.

You can select this option with the skylounge, or stand-alone to enjoy it on the forward area.

Color: Grey
 FERRARI® Batyline Lounge Quartz
 7720FR-50932

Color: Orange
 SUNBRELLA® Mezzo Tigerlily
