NAVIGATOR 7X50

The Navigator with 50mm lens diameter and 7x magnification offers a stable image even in rough seas as well as guarantees bright images with excellent contrast and sharpness of detail in the dark.

ITEM NO. 2342 UPC 840229105045

NAVIGATOR PRO 7X50c

In addition to the excellent image quality, this Navigator features an integrated, large analog fluid dampened compass that can be illuminated and makes it easy to maintain your heading.

ITEM NO. 2343 UPC 840229105052

NAVIGATOR 7X30

With a compact design and lens diameter of 30mm, this Navigator's light weight makes it the perfect companion for spontaneous adventures at sea. These characteristics also promise an incredible experience on land.

ITEM NO. 2340 UPC 840229105021

NAVIGATOR PRO 7X30c

This easy-to-use and multifunctional Navigator offers all these features, plus an integrated HD-stabilized compass. This system provides more safety at sea through reliable course navigation.

ITEM NO. 2341 UPC 840229105038

HD Stabilized Compass

Integrated fluid dampened, illuminated compass is an accurate and invaluable viewing and navigation tool. Available on the 7x50c and 7x30c.

Protective Armoring

Enveloped by a protective armoring made of modified rubber (NBR/PVC) with laser texture for a good grip.

Sports-Auto-Focus™

Focus each eyepiece to your vision once, then keep images razor sharp from 20 yards to infinity. No more chasing focus on moving objects.
