The first hull of one of the latest and most successful models of Azimut Yachts - 68 Flybridge! The yacht is in the most complete set, including specially developed design solutions by Achile Salvagni (external sofas, hull painting). The layout was chosen with an enclosed galley at midship (next to the helm station). The model features an incredibly spectacular exterior design by Alberto Manchini, extensive glazing of the main deck, a "classic" deck layout and execution in a unique and recognizable Achile Salvagni 's style. In other words, it is the example of "clear", comfortable, convenient in everyday use and highly liquid motor yacht by brand №1 in the world. The ideal 70ft yacht is lying in Italy and ready for the coming season.

The yacht passed a strict acceptance by the dealer after the Cannes boat show in September 2021 and was not used by the client - the condition of absolutely new boat (technical inspection of generators and new anti-fouling - January 2022).

The reason for the sale is a change in vacation plans for the coming summer. Despite this, keep in mind that the yacht will be available for purchase in Italy only until the end of April-beginning of May 2022.
