Crossover

There are many words to describe XO DSCVR 9 Open, but ordinary is not one of them. This boat shares the rebellious soul of a bowrider, yet its performance is similar to that of professional patrol boats and even speedboats. The DSCVR 9 Open takes you places in style thanks to its luxurious deck areas. The most robust day cruisers out there.

The military grade deep-V aluminum hull forms the foundation for this model. The stern area turns quickly into a party space with the inclusion of a barbeque that can be enjoyed by up to ten people; The DSCVR 9 Open is a great example of XO's ability to use every square inch efficiently and in a multi-purpose way for the benefit of the customer whatever their needs.
