**OPTION GUIDE**

Dear Dealer,

This document contains all the essential information you will need to understand and talk about options available aboard the EXCESS 11.

01. SAIL AWAY Pack
02. Sailing experience
03. Outside experience
04. Inside experience
05. Technical equipment
06. Accessories

The document refers to equipment from Price List B2022.

This support is a professional tool for your use only. Thank you to not forward it directly to clients but use it to improve your personal knowledge and to perform during client meetings.

This tool will be regularly upgraded according to model year changes and supplier evolutions. Please check regularly for updates. Last upgrade is indicated at the bottom of this page.

Remember, the Sales Guide is about product overview and key client benefits. For option details, please refer to this Options Guide. For technical information, please refer to your Technical Guide.

Enjoy your reading !

## SAIL AWAY

Electric Pack

RAYMARINE Electronics 2021

Starboard double helm seat

Deck searchlight

Opening hatches in forward roof windows

SAIL AWAY is an entry level finishing including options and packs.

# ELECTRIC PACK

## 1 - Two additional service batteries 140A

### Service battery bank

STANDARD	SAIL AWAY	TOTAL
2 x 140A [AGM]	+ 2 x 140A [AGM]	<b>4 x 140A [AGM]</b>

[AGM std version available from 11#018]

Location onboard underneath the bed [aft starboard]

## 2 - Additional 40A charger

### 40A battery charger | CRISTEC

Charges service batteries and engine

STANDARD	SAIL AWAY	TOTAL
40A	+ 40A	<b>2 x 40A</b>

Location onboard underneath the bed [aft starboard]

## 3 - Battery controller

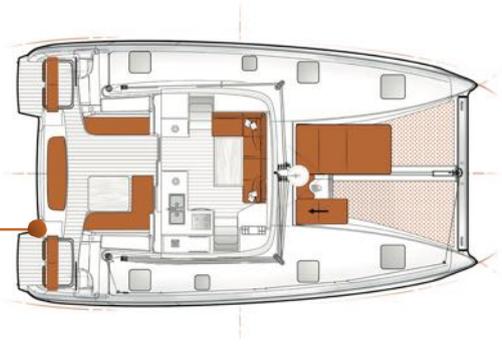

Power supply, charge level, lifespan.

A dedicated extra sensor allow to monitor the batteries lifespan and alert for replacing.

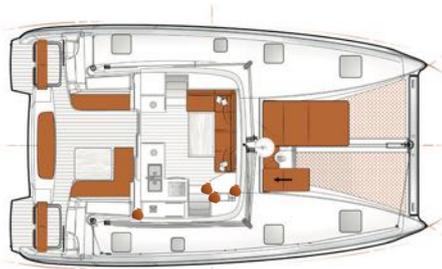

# ELECTRIC PACK

## 4 - Shore Power 32A

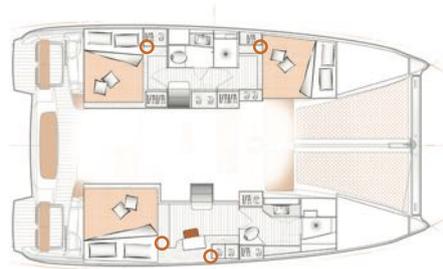

## 5 - [230V outlet + double USB sockets] in cabins & 230V outlet / USB sockets in salon

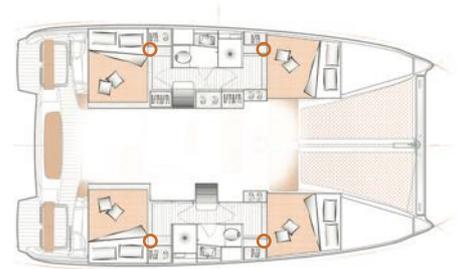

LOCATION ON BOARD      Salon and galley: x5 outlets + x2 USB  
Guest cabins: x1 / Owner's suite: x2

Salon

3-cabin version

4-cabin version

## 6 - 12V USB outlet at helm stations

Port helm station

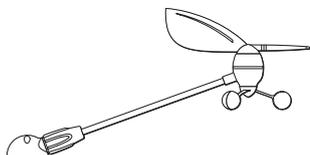

Starboard helm station

**2x 12V USB outlets**  
at port and starboard  
helm stations.

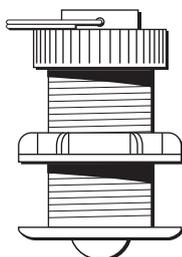

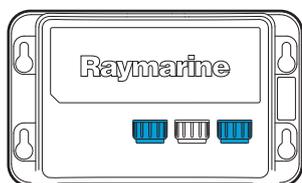

## 1 - Wind transducer

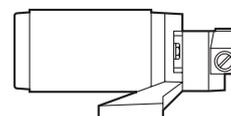

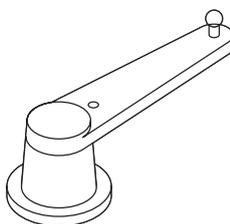

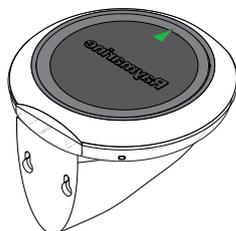

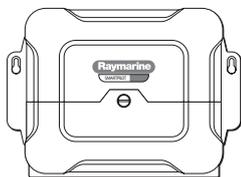

Raymarine Model: E22078

## 2 - Speed|Depth|Temp. Smart Transducer

Raymarine Model : A22111

## 3 - Autopilot

EV-1 9-axis compass sensor with built-in rate gyro.

ACU-400 actuator control unit and Rudder Reference

Raymarine Model: E70096 + E70100

L&S Hydraulic linear drive unit

## 4 - Equipment at starboard helm station

### P70s

P70s Autopilot Control Head  
Raymarine Model: E70331

### I70s

I70s Colour instrument  
Raymarine Model : E70330

i70s High-resolution colour display showing digital analogue and graphical formats with LightHouse III user interface.

## 5 - Portative compass

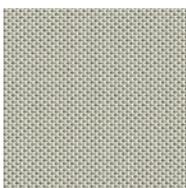

- 1 portative compass
- 2 supports
- 1 black clutch bag

NAVICOM Model : Compas 70UN Universal

# STARBOARD DOUBLE HELM SEAT

Double foldable seat on starboard helm station  
Option includes a cover.

Color: Grey  
FERRARI® Batyline Lounge Quartz  
7720FR-50932

Color: Orange  
SUNBRELLA® Mezzo Tigerlily  
MEZZ 10222 140

# DECK SEARCHLIGHT

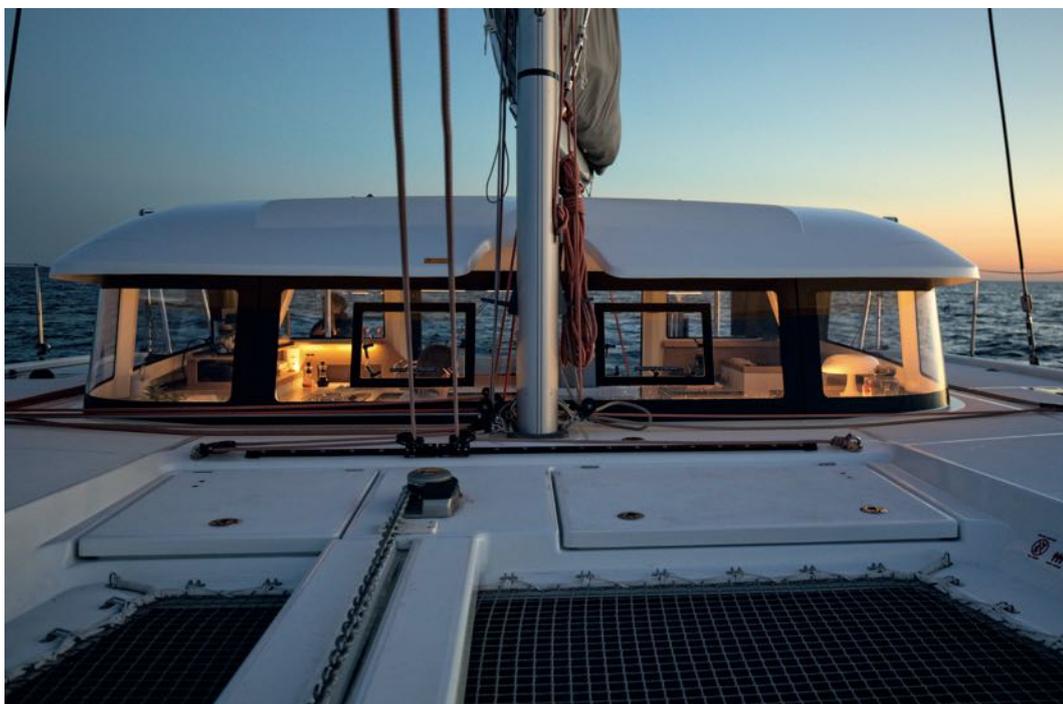

The deck searchlight is mounted on the mast.

Brand: AQUA SIGNAL

Model: GLAMOX

Color: White

# OPENING HATCHES IN FORWARD ROOF WINDOWS

x2 **Opening hatches** on central forward roof windows.

LEWMAR - Flush Hatch \_ Flush Mitre Portlight  
Dimensions : 482 L x 363 W mm | 0'19" x 0'14"

## SAILING EXPERIENCE

### RIGGING AND SAILS

PULSE LINE [Pack]

Extra for starboard 40.2 electric winch

Extra for port 40.2 electric winch

Code 0 Rig and Pole & Furler [Standard sail plan]

Asymmetrical spinnaker gear

Code 0 in Mylar

Asymmetrical spinnaker with socket

Lazy bag

### ELECTRONICS

RAYMARINE Electronics Upgrade Pack

Upgrade for AXIOM 12" display

AIS 700 RAYMARINE transceiver with antenna coupling

RAYMARINE radar 4G Quantum

RAYMARINE pilote smart controller

VHF RAYMARINE single handset [VHF Ray90 ASN]

2nd wireless handset for VHF RAYMARINE

VHF RAYMARINE single handset

### THE CHOICE OF BOLD SAILORS SEEKING SENSATIONS!

The PULSE LINE is undoubtedly an exciting feature from design point of view to sailing experience! You can sail faster, enjoy sporty sail trimming and a definitively eye-catching design.

The PULSE LINE pack includes the following options:

- 1- PULSE LINE **Rigging & Sails plan**
- 2- **Square top mainsail and self-tacking jib** in pro-radial [Color: grey]
- 3- **Code 0 rig and pole & furler** [Additional manual winch on port included]
- 4- **Barber hauler**
- 5- **Textile** lifelines
- 6- PULSE LINE **steering wheels** [Color: Orange]
- 7- PULSE LINE **hull decoration**

### 1 - Rigging & Sails plan

With PULSE LINE, the mast configuration [Std: 15.54 m | 51'4" ; PULSE LINE: 16.63 m | 54'7"] offers a great sails plan with a **larger**:

- Mainsail
- Self-tacking jib
- Code 0 **SAIL** [The option is NOT included in this pack]

**PULSE LINE** increases SA/DSPL above 6%, moving the ratio to 4.4, above 3% above standard.

On the water there will be regularly a positive difference above 4%.

PULSE LINE - Code 0  
 PULSE LINE Main Sail and Jib

	STANDARD	PULSE LINE	%
Mast length	15.54 m   51'4"	16.63 m   54'7"	+ 7%
Square top mainsail	55 m <sup>2</sup>   592 sq ft	59 m <sup>2</sup>   635 sq ft	+ 7%
Self tacking jib	22 m <sup>2</sup>   237 sq ft	23 m <sup>2</sup>   247 sq ft	+ 4%
Upwind sail area	77 m <sup>2</sup>   829 sq ft	82 m <sup>2</sup>   915 sq ft	+ 6%
Code 0 [if option selected]	54 m <sup>2</sup>   581 sq ft	62 m <sup>2</sup>   667 sq ft	+ 15%
Sail Area / Displacement	4.3	4.44	+3%

### 2 - Square top mainsail and self-tacking jib in pro-radial

The boat comes in standard with a square top mainsail using top quality white Dacron®, with horizontal cut.

With the PULSE LINE we offer a higher tech Dacron® with a different horizontal and vertical split of the fiber called Proradial, made by German company Dimension Polyant

Together with a starcut assembly, it allows those larger sails to rise the stiffness of the sail, without the aging risks of laminar cloths.

Sails come in Grey color [in lieu of white Dacron® in standard].

Tri-radial cut  
[non-contractual color]

#### PRORADIAL - Tri-radial cut. **[PULSE LINE]**

PRORADIAL fabric from Dimension POLYANT: warp-oriented woven polyester fiber ensuring a perfect adaptation of cut.

Tri-radial cut in accordance with the forces present in the sails.

Outstanding durability in shape and very good resistance against chafing

[Grey]

Horizontal cut  
[non-contractual color]

#### Dacron® - Horizontal cut. [STANDARD]

Classic horizontal cut.

Dacron® sailcloth: weft-oriented woven polyester fiber, for a horizontal cut.

Good resistance & shape holding.

Excellent technical properties against chafing

[White]

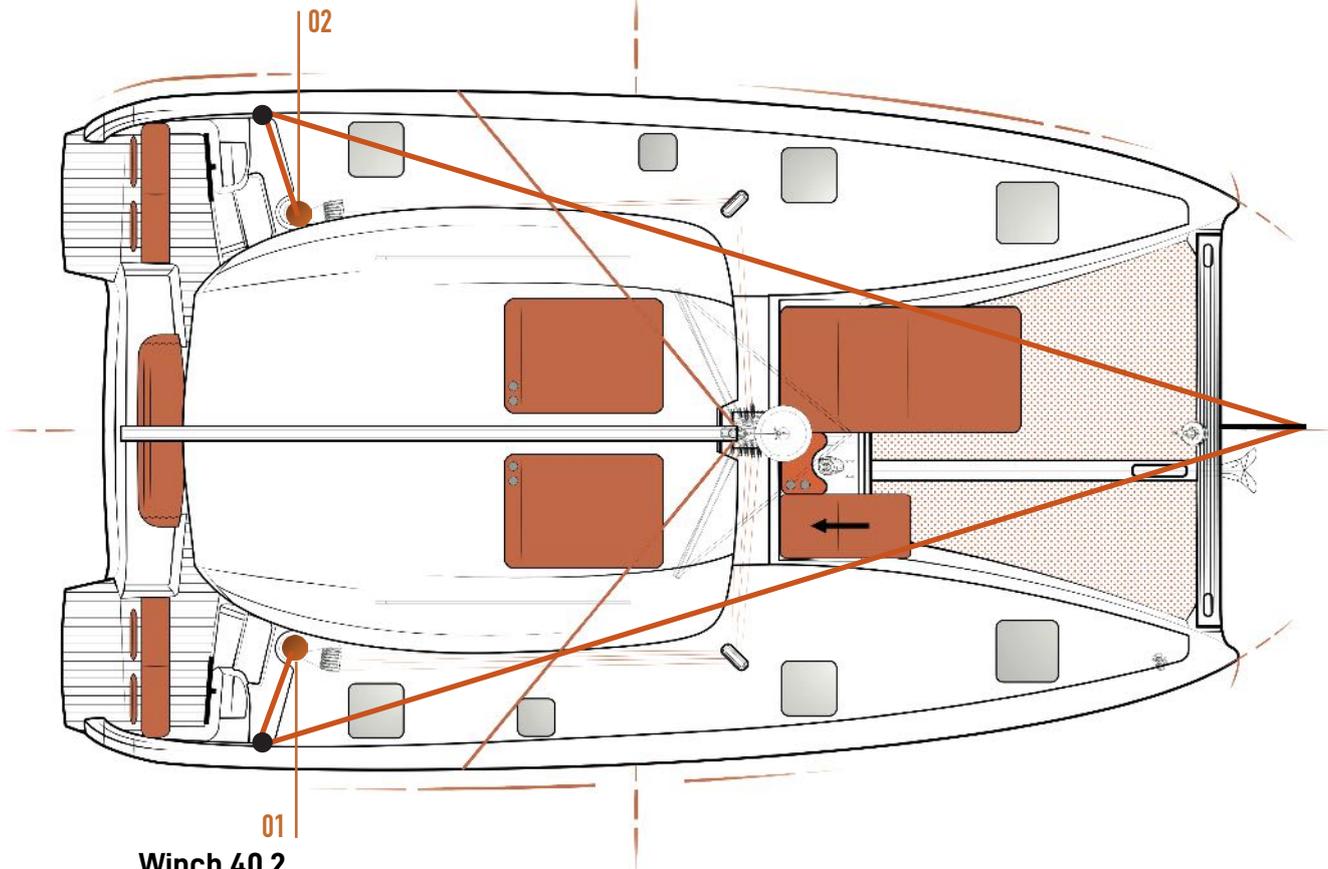

### 3 - Code 0 Rig and Pole & Furler

#### Winch 40.2

Option: Manual [PULSE LINE | Code 0 Rig & Pole | Spinnaker Gear] [Comes with the option]

Additional option: Electric upgrade

#### Winch 40.2

Standard: Manual

Option: Electric upgrade

- 01 • Main sail sheet
- Main sail halyard
- Reef 1
- Reef 2 [if port winch no selected]
- Topping lift
- Jib sheet
- Jib halyard [Jumper halyard with mast foot cleat]
- Code 0 sheet [option]
- Spinnaker sheet [option]

- 02 • Code 0 halyard
- Reef 2
- Code 0 sheet [option]
- Spinnaker sheet [option]

### 3 - Code 0 Rig and Pole & Furler

This option includes the following rigging:

- A. Code 0 sheets rig**
  - Port Code 0 sheet
  - Starboard Code 0 sheet
  - 2 blocks with swivel – Element Block Ø 80 HARKEN® [Port and Starboard]
  
- B. Code 0 halyard rig**
  - Mast foot block
  - Roof block Rutgerson® - [Port]
  - Deck block Rutgerson® - [Port]
  - Jammer on portside Spinlock® - [Port]
  - Code 0 halyard
  
- C. Manual winch on portside**
  
- D. Code 0 furler**
  
- E. Pole**

[Details and pictures on the following pages]

Please note, this option not include the sails: Code 0 or Asymmetrical Spinnaker.

# PULSE LINE

Winch 40.2 STA HARKEN® comes with ropes storage.

#### D. Code 0 furler

Facnor® FX+4500 Cliq

#### E. Pole

[1,200 mm]

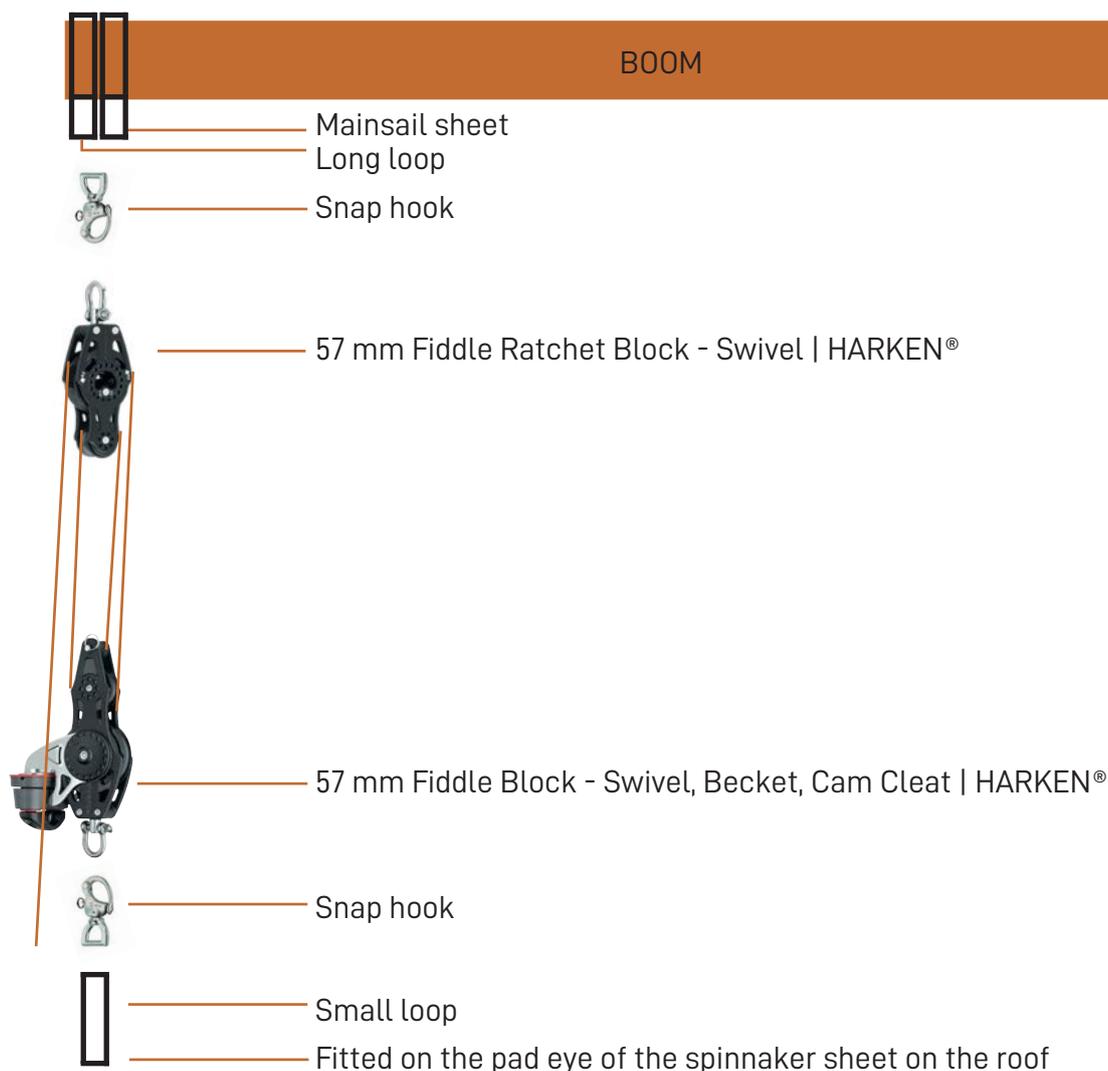

### 4 - Barber Hauler

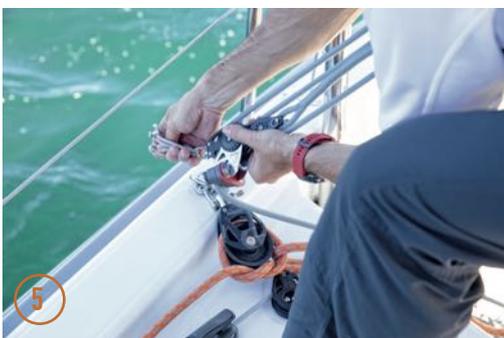

A flying barber hauler is a 4:1 hoist [same principle as the hoist of a dinghy catamaran] designed to be used with the mainsail sheet when the boat sails downwind, when the leeward mainsheet hoist let's go the boom to a point where the boom starts to move as much up as out: the leech of the main opens up and will very soon end up against the leeward rig shroud.

To avoid this loss of power and this risk of damaging the sail cloth the flying barber hauler comes in: its top part is to connect to the top loop of the leeward mainsheet below the boom, the bottom is to connect on a padeye on the leeward side of the sheer line.

Once in place, one trims the leech of the mainsail with both this device and the leeward mainsheet hoist. It can also be used as a boom preventer when sailing long downwind tacks.

### 4 - Barber Hauler

On EXCESS 11 you can cleat it to the aft mooring cleats, on starboard if you are on a port tack, or on port if on a starboard tack. You will balance the tension on the flying barber-hauler and the leeward mainsheet to get a proper shape.

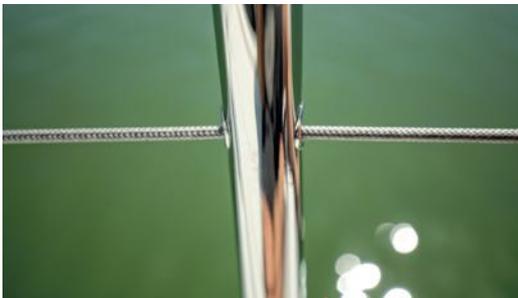

Do not forget to remove it before jibing or tacking!

### 5 - Textile lifelines

The textile lifelines replace the stainless steel standard lifelines.

Made from fiber for more efficiency, the customized Lancelin **lifelines are fluorescent at night for safer night cruising.**

### OPTION

1

Brand: LANCELIN  
Material: Fiber  
Color: Grey & orange

2

- The pad-eye is part of the option. By selecting the textile lifelines you get also a pad-eye.

### 6 - PULSE LINE Steering Wheels

#### OPTION

This option replaces the standard s/s steering wheels  
**Upgrade for both helm stations.**

Brand: CARBONAUTICA  
Material: Composite  
Color: Orange

[Carbonautica - Steering wheel](#)

#### STANDARD

Material: Stainless steel & leather  
Color: Grey

### 7 - PULSE LINE hull decoration

We've created a distinction between the standard line and the sportier PULSE LINE, while maintaining the same spirit. The inspiration came from the logo, a sporty and elegant wake, fluid and dynamic, taken up in an immoderate way in its PULSE LINE version. Isabelle's interest in typography made the process almost natural. The combined lines at the back of the hulls highlight the turn of the bilges in a marked and legible manner.

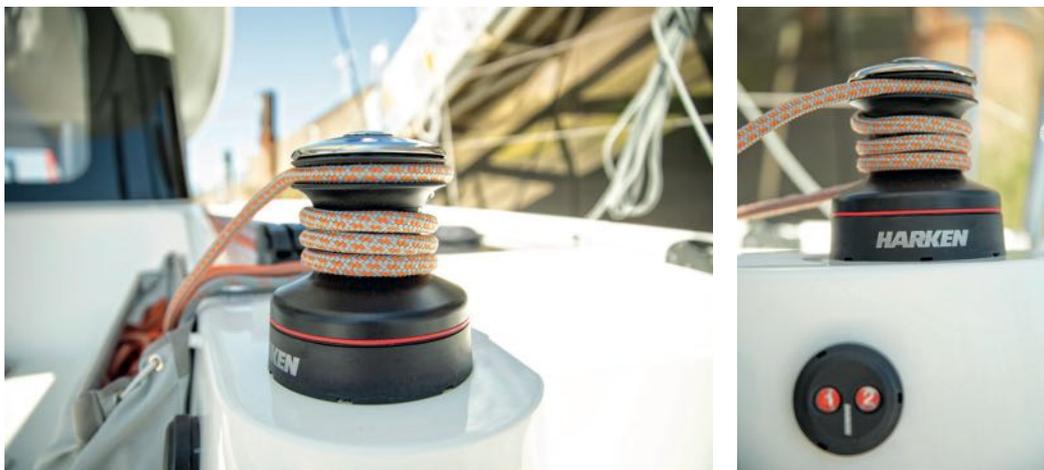

#### HULL DECORATION BY ISABELLE KELLER

*"I have sailed a lot, racing, with a crew and I have shared the life of a professional sailor for a long time. I have experienced ocean racing and great adventures like the Transats and the Vendée Globe, from the inside. And then, on a simpler level, I have always wanted to live by the sea, overlooking the Atlantic Ocean."*  
Isabelle Keller, designer of the hull decoration.

# EXTRA FOR STARBOARD 40.2 ELECTRIC WINCH

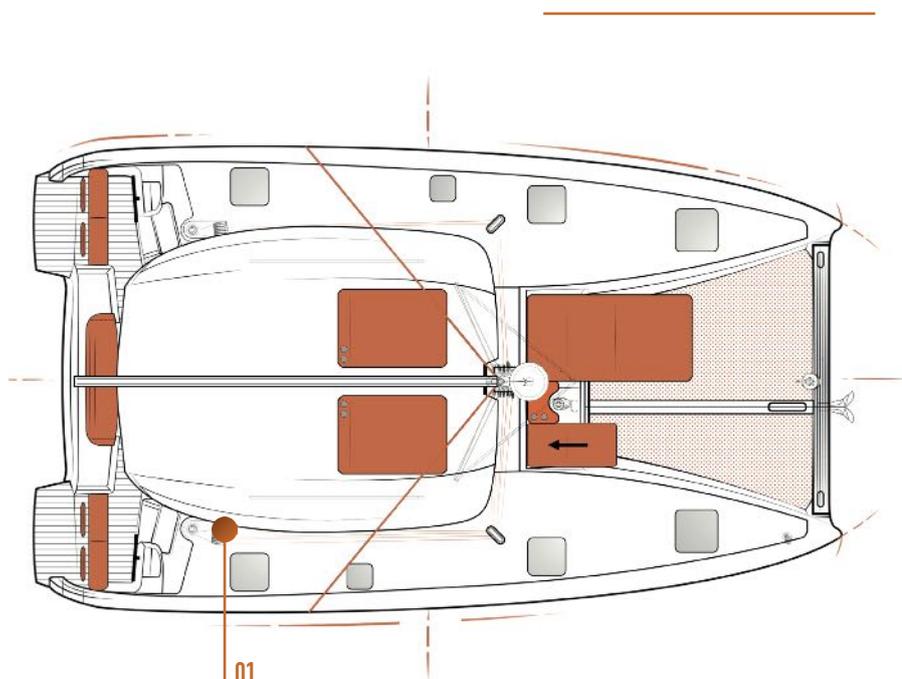

## OPTION

Electric upgrade from manual winch [per standard] on **starboard** helm station.

Brand: HARKEN®

Model: 40.2 STEA

- 01**
- Main sail sheet
  - Main sail halyard
  - Reef 1

# AIS 700 RAYMARINE TRANSCEIVER WITH ANTENNA COUPLING

[AIS700]

Raymarine®

**AIS 700 Class B Transceiver** with integrated antenna splitter [Model: E70476]

Key features:

- Full transmit and receive AIS
- Latest SO-TDMA networking
- Built-in antenna splitter
- NMEA2000, NMEA0183, PC and SeaTalking compatible
- Software or hardware switchable Silent Mode

# RAYMARINE RADAR 4G QUANTUM

## 02 SAILING EXPERIENCE

ELECTRONICS

[QUANTUM 2 CHIRP RADAR 24 MN]

Raymarine Quantum 2 Radar with Doppler collision avoidance technology [Model: E70498]  
The option includes stainless steel protection.

### Key features:

- Doppler moving target display allows for superior situational awareness at-a-glance
- Fully automatic MARPA target tracking, along with manual MARPA mode
- Adjustable TrueTrails target history shows the motion history of moving contacts
- CHIRP Pulse Compression detects contacts as close as 18-feet for zero-visibility navigation
- 24-mile range for early detection of traffic, navigation aids, landfall and weather
- Immediate awareness – Quantum starts up and is ready to go in seconds
- Superior interference rejection eliminates noise from other radars
- Low power consumption for extended battery life under sail

# RAYMARINE PILOTE SMART CONTROLLER

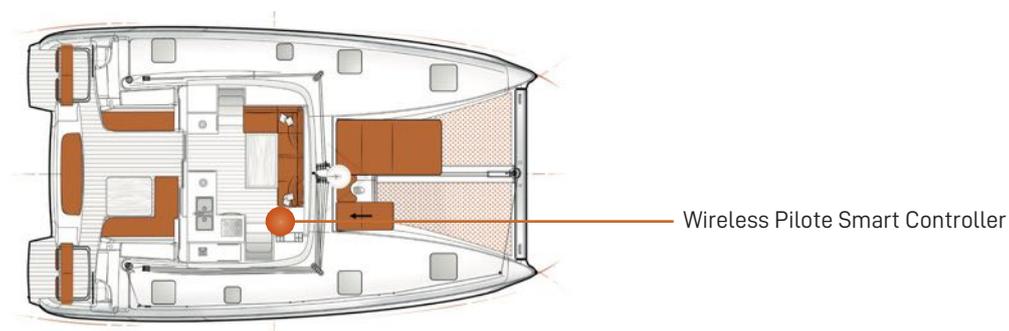

The Raymarine SeaTalk autopilot comes with the **wireless SmartController** [Model: E15023]

Key Features:

- User-definable pages
- Keylock security
- Backlit buttons
- Display local and system alarms
- Wireless instrument repeater
- Wireless full-function autopilot controller

## LOCATION ON BOARD

# VHF RAYMARINE SINGLE HANDSET

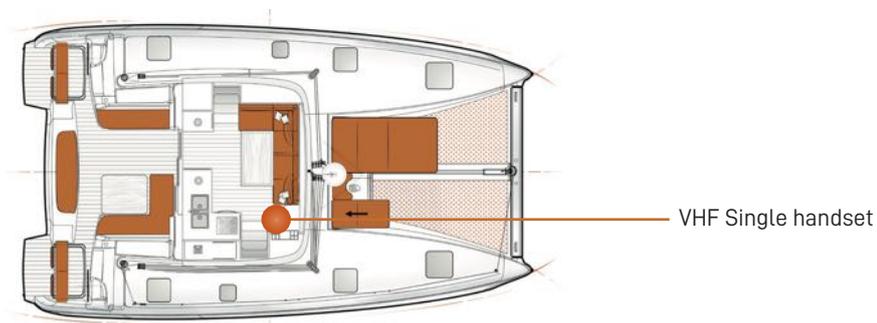

VHF Ray90 ASN combined with active speaker [Raymarine model: A80543] and wireless station [Raymarine model: A80540].  
Model: E70492

### Key Features:

- Black box, multi-station capable VHF radio
- Built-in loudhailer and fog signal generator
- Optional external GPS
- Simple NMEA2000 and NMEA0183 Networking

### LOCATION ON BOARD

# 2ND WIRELESS HANDSET FOR VHF MARINE

Wireless hub carries both data and audio to and from your wireless handset stations

### Key Features:

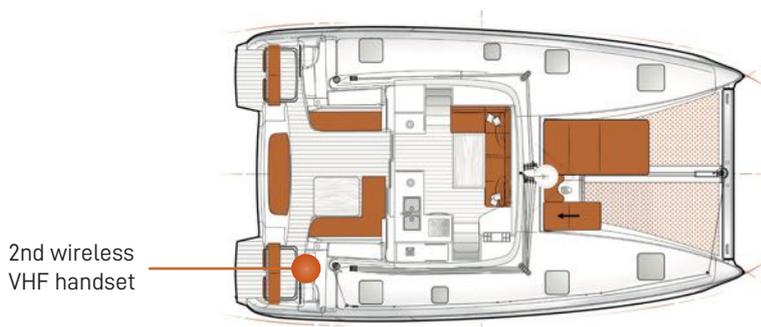

- Waterproof construction
- Oversized LCD and rubberized keypads
- Built-in lithium ion rechargeable battery
- Inductive charging technology
- Wireless base station pairs to active speaker
- Handset features smart locator alarm activate alarm from hub

[VHF Raymarine Single Handset mandatory]

**Raymarine**
